June 2020

Dear Parent

REF: SCHOOL APP

I am writing to make you aware of the School APP that our parents use as a communication tool between the school and parents.

The School App will share important information with you about the school and your child. The main features of the App, as a parent, you will be able to view your child's timetable, achievement logs, Academic Overview and Profile reports (after they have been published) and a link to the school payment system. There are also other useful links to school information, such as key dates, uniform and news. You will also receive messages from the school through the APP and you are able to respond at no cost. You can report your child's absence via the messages section of the APP, using the "Absence Hotline" tab, at no cost.

The App can be downloaded to any device as follows:

Once the App is downloaded you need to search for **St George's Church of England Foundation School** and follow the instructions to link your child/children to the APP. **This can only be done once your child has started at the school from 1st September, but you can still download the APP before this time, providing other useful information.** To enable the APP to link to your child we need to have your correct mobile number and email address. If we do not have the correct information, this may hinder you seeing the information specific to your child. If you are unsure of this, please contact the school to ensure we have the correct information before trying to link your child. **Once downloaded to your device please ensure you go into your settings and allow notifications to show up on your lock screen for MyEd.**

We are encouraging all parents to download the APP as a communication tool.

N.B. Year 7, Year R and any new pupils - You will not be able to view your child's personalised information until their second day in school, once they are officially on our school role and our systems update overnight.

Yours sincerely

D Morgan
